August 10, 2016

Dear Lise Marie,

Thank you for your work to date chairing the French Language Services Working Group. Please accept this letter as a formal acknowledgement and approval of your working group's request to continue. The term of this extension will align with other Year 2 working groups ending February 28, 2017. The Lead Agency will continue to provide strategic and logistical support, and host regularly scheduled meetings of all Year 2 Chairs to ensure opportunities to discuss cross cutting issues.

The working group will continue to be responsible for identifying existing capacity and recommending strategies to ensure provision of services as required under the French Language Services Act. The working group will focus on building capacity among the agencies already providing some level of services in French, either through a partnership with Centre francophone de Toronto (CFT) or on their own to address existing language needs. The working group will, where possible, initiate building broader French language capacity for the infant, child and youth mental health services sector in Toronto.

I would also like to congratulate you on receiving an Ontario-Canada grant that will support the group in achieving its mandate.

Once again, thank you for agreeing to continue to Chair this working group. We look forward to working with you.

Sincerely,

Claire Fainer
Executive Director
