Dear Partners,

Following yesterday's election, East Metro Youth Services would like to congratulate our next Premier Ford and the Progressive Conservative Government. We look forward to building strong relationships with this government to ensure children and youth mental health remains a priority in Ontario, enabling us to continue to do whatever it takes when meeting the needs of the clients, families and partners we serve.

In their election platform, the PC party promised \$1.9 billion in funding over the next ten years towards mental health, addictions and housing supports. Premier Ford also said his party would use the funding to build community capacity to provide evidence-based care and support that will reduce pressures on hospitals and wait times. We look forward to partnering with you and them in this work.

Debra Shime
CEO, East Metro Youth Services
